

Sinclair Broadcasting's decision to force their stations to air an anti-Kerry documentary days before the election is an outrage and should not be tolerated by the FCC.

Sinclair uses the public airwaves free of charge, and is obligated by law to serve the public interest. But when large companies control the airwaves, we get more of what's good for the bottom line and less of what we need for our democracy.

This is so blatantly political bias and is wrong. I, as a citizen and a consumer, will make sure I do not support any of the sponsors and will watch the FCC and their actions extremely closely in the future to track their bias and allowance of illegal use of the airways.

Thank you.
